

## LETTER FROM THE RED CROSS PHARMACY

Will Sign Bond to Refund Money Unless Mi-o-na Restores Health.

To the Editor of Daily Times:

Dear Sir:—Having heard that some people question the sincerity of our offer to refund a purchaser's money if Mi-o-na does not cure dyspepsia, (increase the flesh and restore health), we are writing you this letter to say over our own signature that this offer is made in good faith and will be lived up to by us both in the spirit and the letter.

We will give the following bond with every box of Mi-o-na we sell. There is no risk in buying Mi-o-na.

### GUARANTEE BOND.

We hereby agree to refund the price paid for Mi-o-na, if the purchaser tells us that it has not increased flesh and given freedom from stomach troubles. Red Cross Pharmacy.

So many of our customers have told us of the great good Mi-o-na has done them that we are more thoroughly convinced than ever that there is but little risk to us in selling Mi-o-na under this guarantee.

The demand for Mi-o-na is increasing rapidly and it is the most popular of all medicines we sell for the cure of stomach troubles. If it did not have unusual merit we could not afford to guarantee it.

Your readers can see that they run no risk whatever in buying Mi-o-na.

Respectfully yours,  
Red Cross Pharmacy.

### PATERSON TORNADO'S WORK.

Three Dead, One Hundred Injured and Fifty Families Homeless.

Paterson, N. J., July 24.—Mayor John Hinchliffe has called together the leading citizens of Paterson to devise ways and means of providing relief at once for the people most sorely stricken by the tornado which wrought death and devastation in this city.

Two thousand men, including many members of the fire department, were set to work to clear away the wreckage strewn in the streets by the storm.

In summing up the tornado's terrible work Paterson counts three dead, 100 injured, fifty families made homeless and a property loss estimated at \$200,000. The tornado mowed a path of destruction 400 feet wide from the southwest to the northeast of the city.

Joseph Vandam, twenty years old, was crushed to death under a falling building.

Richard Hancock, eight years old, had the back of his head cut off by a falling roof.

Mrs. Mary Nevin, seventy-five years old, died from fright.

About twenty-five persons are under treatment at the hospitals. It is expected all will recover. John Saunders, a steel worker in the Passaic rolling mill, is the worst injured, being badly cut about the body and face.

Mayor Hinchliffe has received many offers of aid from other cities, but says he feels sure assistance outside of Paterson will not be needed.

### New Orleans Bulls Active.

New Orleans, July 24.—At the opening of the cotton market the bulls were fiercely aggressive. The bull leader forced August up 80 points, buying all the way from 13.50. At 14 cents he bid for 5,000 bales, but there was nothing offered. September advanced 32 points to 11.30, October advanced 11 to 9.97 and December advanced 10 points to 9.64. The advance was made on encouraging cables from Liverpool and unfavorable reports from the country on the condition of the crop.

### Elks Eat Crabs.

Baltimore, Md., July 24.—Twelve thousand Elks, now attending the national reunion of their order in this city went to Tolchester Beach to participate in a crab feast which had been prepared for them by a local lodge. It required five bay steamers and two smaller vessels to transport the great throng to the beach. The resort was reserved exclusively for the visiting Elks, and none except Elks were allowed to participate in the excursion.

### Launching of the Edward VII.

London, July 24.—The new battle ship King Edward VII., the largest in the world, has been successfully launched by the Princess of Wales at Devonport. Among those present were the Prince of Wales, Princess Henry of Battenberg and the lords of the admiralty. King Edward laid the keel plate March 8, 1902. The vessel cost \$7,500,000.

### Jefferson's Son-in-law Dead.

London, July 24.—B. L. Farjeon, the novelist, has died suddenly at his residence at Hampstead. He married, in 1877, Margaret, daughter of Joseph Jefferson, the American actor. Mr. Farjeon died from the rupture of a blood vessel.

## Spring Wheat

is grown in one section only of the United States, and is the standard for flour. The supply is limited, and ordinary flour necessarily is made of winter wheat. Pillsbury's Best Flour is made of selected hard spring wheat.

## REBEL CITY CAPTURED

Ciudad Bolivar In Venezuelan Government's Hands.

### GENERAL ROLANDO TAKEN.

Last Representative of the Prolonged Revolt Against Castro—Resistance at Capital, General Gomez Says, Was Worthy of a Better Cause.

Soledad, Venezuela, July 24.—Ciudad Bolivar has been captured after fifty-two hours of a desperate struggle and horrible carnage, during which great courage was shown on both sides. The jail and the capital were the centers of the most severe fighting, and many men were killed or wounded there. When those places were captured only a few blocks behind the capital remained to be taken. At midnight the fusillade ceased, and the silence of death reigned all the rest of the night over Ciudad Bolivar. No living persons were then to be seen in the streets.

At 5 in the morning the newspaper correspondents followed General Rivas, the commander of the government troops, who met General Gomez, the Venezuelan commander in chief, near the capitol and confirmed the announcement that the capitol, the jail and all the rest of the city were in the hands of the government soldiers.

General Gomez informed the correspondents that the resistance at the capitol had been of a nature worthy of a better cause, that each yard of rampart was covered by the dead and that General Nicolas Rolando, the last representative of the revolution, and his two lieutenants, Generals Pablo and Guzman, and General Francisco Vasquez had been taken prisoners.

No adequate idea can be cable of the scene which Ciudad Bolivar presents. The city appears to have been swept by a cyclone accompanied by a conflagration.

### Government Launch Wrecked.

Biddeford, Me., July 24.—A government launch which was being run from the Charlestown navy yard to Portland by Lieutenant George Stevens and seven men of the Portland naval reserve struck on the southern point of Beach Island, at the Pool, and is a wreck on the rocks. The vessel's whistle roused Captain Tolman of the Biddeford Pool life saving station, who, with three volunteers, brought ashore the crew of the launch without difficulty. The launch was on fire when left for Portland. The launch was formerly attached to the U. S. S. Dolphin. She was about forty feet long and of light construction.

### Low Water in Yukon.

Vancouver, B. C., July 24.—A dispatch from Dawson says that the low water in the Yukon is causing considerable anxiety to the steamboat men. So far this season no boats have arrived here from St. Michael's, and it is probable that little freight sent in via St. Michael's will be landed in Dawson this season. The chief cause of the extreme lowness of the water is the light snowfall of last winter, combined with the cool weather and the absence of any rain during this season. Many claims are closing down for lack of water.

### La Soufriere Spouting.

Kingston, island of St. Vincent, July 24.—The Soufriere volcano has been slightly agitated since July 19, emitting puffs intermittently, which cause electrified clouds and low rumblings. A severe earthquake shock was felt at 1:40 a. m. Tuesday, accompanied by a subterranean sound of cracking, which shook the buildings here and threw the populace into a state of consternation, fearing that a disastrous phenomenon would follow this earthquake, similar to that of July 17, 1902, which preceded the eruption of Sept. 3, 1902.

### Jett and White Transferred.

Lexington, Ky., July 24.—Curtis Jett and Thomas White, indicted for the murder of J. B. Marcum at Jackson, who have been in jail here for safe keeping, were quietly spirited away from the Fayette county jail, put on a Louisville and Nashville train and taken to Cynthia, where they are to be tried by Judge Osborne July 27. They were taken by Sheriff Leach and his deputy under an order of the Harrison circuit court, and only the jailer and the officials knew of the move.

### Lord Roberts' Visit Not Vetoed.

London, July 24.—The statement cable to the United States to the effect that the British cabinet had vetoed the proposed visit of Lord Roberts to the United States is as inaccurate as was the original announcement that Lord Roberts had definitely determined to make the visit. The truth is that the whole matter has always been indefinite. Lord Roberts has said and still says that he will visit the United States in the autumn if his duties will permit.

### Shelby M. Cullom Arrested.

Phoenix, Ariz., July 24.—Shelby M. Cullom, a nephew of the Illinois senator, has been arrested by United States Marshal McCord on an indictment returned by the United States grand jury at Prescott. Cullom was allowed his freedom, however, on his own recognizance and has left for Prescott with the officer to answer the charge. Cullom is clerk of the supreme court of Arizona, having some months ago resigned the deputy collectorship of internal revenue at Santa Fe. It is said the trouble arose over the collection of internal revenues, which were later refunded, when it was alleged they had been wrongfully imposed.

### F. W. HOLLS DEAD.

American Member of Hague Court Expires Suddenly.

New York, July 24.—Frederick W. Holls, secretary of the American delegation to The Hague peace conference and more recently member of the international court, has died suddenly at his home at Yonkers of heart failure.

Mr. Holls was born at Zellenople, Pa., July 1, 1857, was graduated from Columbia college in 1878 and studied

FREDERICK W. HOLLS.

also at the University of Leipzig. He was a delegate at large to the New York constitutional convention in 1894, member of the peace conference at The Hague from the United States in 1899 and more recently member of the international court. He was the author of a number of books, including a history of the peace conference at The Hague and numerous lectures and essays on political subjects.

### THE PRESIDENT ON HORSEBACK.

Rides by Night From Oyster Bay to Sayville, N. Y.

Sayville, N. Y., July 24.—President Roosevelt, accompanied by his oldest son, Theodore, is here visiting the president's uncle, Robert B. Roosevelt. The president and his son came from Oyster Bay on horseback, leaving that place at 2 a. m. They had with them on their ride two nephews of President Roosevelt. For more than two hours the little cavalcade rode through a night that was inky in its blackness, but shortly after 4 o'clock the dawn broke, and in a little while the sun was shining gloriously.

President Roosevelt on his favorite riding horse set the pace, Theodore junior riding the horse Wyoming, presented to the president by the citizens of Douglas, Wyo. The party arrived here a few minutes before 6 o'clock, riding directly to the home of Robert B. Roosevelt, about a mile from town.

### Alleged Earl Poulett Heard.

London, July 24.—The claim of William Turnour Thomas Poulett, Viscount Hinton, the former organ grinder in the streets of London, who is a claimant to the earldom of Poulett, was before the committee on privileges of the house of lords. The claimant, who is a man of striking appearance, was present with counsel, who requested an adjournment as his evidence was not ready. Counsel for the defense was allowed to state his case, contending that it was impossible for the claimant to be a son of the late earl, though the earl's marriage to the claimant's mother was not denied. The hearing will probably last several days.

### One Hundred and Fiftieth Birthday.

Spencer, Mass., July 24.—Spencer has celebrated, with fitting exercises, the one hundred and fiftieth anniversary of her birth. The event had been anticipated for many months by the 8,000 inhabitants, who joined the townspeople in the observance, coming from all parts of Worcester county and from various points in New England. The programme included a brilliant parade in the afternoon, reviewed by Governor Bates and staff, Lieutenant Governor Guild, Secretary of State Olin and other distinguished guests.

### Another Turkish Crisis.

Constantinople, July 24.—The increasing activity of the revolutionists in Macedonia and the difficulties encountered by the Turkish troops are producing an unpleasant effect in official quarters, where it is believed the existing situation will lead to fresh demands on the part of the powers, including the establishment of efficacious European control. Even the Austrians and Russians now admit that the reform scheme is inadequate.

### Pennsylvania Soldiers' Monuments.

Harrisburg, Pa., July 24.—The three commissions created to arrange for the dedication of monuments to Pennsylvania soldiers in the south have fixed upon the following dates: Andersonville prison, Nov. 10; Seventy-third Pennsylvania regiment, Chattanooga, Nov. 11; Seventy-seventh Pennsylvania regiment, Shiloh, Nov. 16. Governor Pennypacker and staff and state officials will leave here on a special car for Andersonville on Nov. 9.

### Minnesota Mob After Negro.

Glencoe, Minn., July 24.—A mob is in pursuit of Sheriffs McKenzie and Hartley, who started from here to take Joe Scott, a negro, who had attacked Helen Olson, to Watson, the scene of his crime.

### An Oklahoma Town Burned.

Guthrie, Okla., July 24.—The town of Landers, population 600, was wiped out by fire; loss, \$200,000. Mrs. Jason Burgess was burned to death.

The following is one of a series of articles devoted to the coffee industry in Mexico, prepared especially for us by one of the most noted historical experts of the United States. In this series, as well as in our coffee cultivation, we have spared neither pains nor expense to get the best. The Mexican Consul to the United States, now located in Boston, recommends this series as interesting and instructive. On account of its educational value we suggest that parents see that this series is read by their children.

## From Plantation to Cup.

Chapter X.

### NATURE HAS DONE WELL WITH MEXICO.

"Thou art my tropics and mine Italy.  
To look at thee unlocks a warmer clime."

How productive the soil is in the hot and temperate zones in Mexico the following facts will show:—

More than 10,000 different plants growing there have been analyzed and classified, and there are a great many more awaiting the scientist. Trees grow at an altitude of 13,054 feet. The giant cypresses are among the largest trees in the world. Wheat has been known to yield 110

times, and Indian corn as many as 800 times. Two and sometimes three crops are harvested in one year. While such a garden land as Ceylon can produce an average crop of only about 500 to 800 pounds of coffee to the acre, and the coffee estates of the far East are gradually being abandoned, in Mexico the average coffee crop is 1500 pounds to the acre.

These are more reasons why UBERO COFFEE, grown in the richest and healthiest Mexican coffee belt (the best coffee belt in the world), can be sold at the price for which you can buy it of your grocer. The native Indians who cultivate the coffee under our supervision are fully satisfied with wages of 45 cents a day, Mexican money. The shipping facilities for UBERO COFFEE are unsurpassed. These circumstances all unite to the advantage of UBERO COFFEE, and to those who would buy the most aromatic, most delicious, most stimulating coffee in the whole world for 35 CENTS A POUND.

SOLD BY ALL FIRST-CLASS GROCERS.

CROWN, ROASTED AND CANNED BY

The Consolidated Ubero Plantations Company,  
COFFEE DEPARTMENT, 36-38 FULTON STREET, BOSTON.

## PREPARING FOR WAR

Japan Fits Out Liners For Possible Service as Transports.

### RUSSIA INCREASES FORCES.

Osaka's Agents In East Active on Land and Sea—Encroachments in Korea Augment Likelihood of Armed Combat.

Victoria, B. C., July 24.—The steamer Olympia, from the orient, brings advice that warlike preparations are going on apace. Officers of the Olympia say that when that vessel sailed the Japanese government was fitting out many liners for transport service. The fleets of war ships of Japan and the powers in the orient were still maneuvering in the gulf of Pechili and off Korea. Russian re-enforcements were also reported to be arriving.

It was reported from Harbin that two mixed brigades, consisting of infantry, cavalry and engineers, were coming over the Transiberian railway and an infantry regiment was following. The announced purpose of the coming of these troops was to test the transportation capacity of the Siberian railway.

Further, to re-enforce the Russians, a battalion of sailors and marines has

been organized in Russian Turkestan and ordered to Manchuria. Three new Russian cruisers are also reported from the Straits Settlements en route to Port Arthur with cargoes under merchant flags.

Russian Encroachments in Korea. The Japanese were much excited because of further reports of Russian encroachments in Korea.

In connection with the maltreatment of Japanese timbermen by Russians on the Yalu river, Japan has notified Korea that, if the government is unable to protect Japanese, Japan will be compelled to take measures to protect them.

Wang Chih Chun, governor of Kwansi, has been ordered to Canton to discuss measures to suppress the revolution in south China with the viceroys of the two Kwangs.

The rebels are re-enforced daily. It is said royal troops are joining them. Much looting is done by the rebels, who are well armed and are receiving supplies of arms and provisions continually. News from Canton tells of frequent piracies, despite the fact that seven gunboats of Great Britain, America, France and Germany are patrolling the river.

Floods caused by the raging of the river in Machang, Hupeh province, have caused great loss of life and rendered thousands homeless.

### Bogus.

William A. Bogus was a Georgia land commissioner years ago. He issued fraudulent land rights. He furnished our vernacular with a word for everything spurious and false.

### GIL PROCLAIMED PRESIDENT.

Situation in Haitian Republic Appears to Be Calm.

Santo Domingo, Republic of Santo Domingo, July 23.—Congress has proclaimed the election of General Wos y Gil as president of Santo Domingo and General Deschamps as vice president. The president will take the oath at a near date.

The copper mines in the San Cristobal district are turning out to be very rich and the oil lands in the Azua territory are said to be most valuable. They extend over four miles and there is every indication of finding oil in other places.

The country is quiet and business is improving.

### Turkish Treasury Empty.

Constantinople, July 23.—The emptiness of the Turkish treasury is shown by the fact that the finance minister has for several weeks been unsuccessfully endeavoring to pay a month's salary to the state officials, who have only received one month's pay since March. It is believed that it will be possible to make a partial payment during the next few days.

### Historic Whaler Lost.

London, July 23.—The whaler Vega, in which Nordenskjold accomplished the northeast passage, is reported by Lloyd's to have been crushed in the ice and to have foundered in Melville bay May 31. After a difficult journey of 300 miles in open boats and across the ice, the crew reached the nearest settlement and returned home. There were no casualties.

## Berries for Beauty—Shredded Wheat for Strength

"Naturally organized foods make possible natural conditions. There is no other way."

Strawberries in Baskets of  
**SHREDDED WHEAT**  
**BISCUIT**

Recipe—1 quart of washed and picked berries; crush 3/4 of them; add 1/4 of a cup of sugar and 1/2 cup of ice water; chill for half an hour. With a sharp pointed knife cut centers from 6 Shredded Whole Wheat Biscuits, making oblong baskets. Fill with the crushed berries and let the syrup saturate the biscuit. Cover top with remaining whole berries and sprinkle with sugar. Serve with sweet cream. Any fresh fruit may be used in same way.

Order from your grocer to-day.

The Natural Food Co., Niagara Falls, N. Y.
